MP 250

MODELS
24V | 36V

OFTEN IMITATED BUT NEVER EQUALED

It's no surprise the competition envies our original design. This agile and versatile personnel carrier has it all: A narrow deck, four wheels for greater stability on rough terrain, powerful motor, rugged automotive differential and larger self-adjusting drum brakes, all-steel unibody construction, bolt-on front bumper and side bar protection, easy-to-access under-seat battery compartment... The list keeps going. It can also pull up to 6,000 lbs.*, making it a great backup tow tractor.

MODELS	LOAD CAPACITY (LBS.)	TOWING CAPACITY (LBS.)	PASSENGERS	SPEED (mph)	TURNING RADIUS (in)
24V	500	2,000	1	7	75
36V	500	6,000	1	8	75

FEATURES

1. Reinforced bolt-on bumper and rear wheel guards
2. Easy maintenance
3. Fatigue- and accident-saving ergonomic suspension
4. All-steel monocoque construction designed to last.
5. Powder coating and protection, very resistant
