Keep your equipment running smoothly

Tailor-made service packages

We will keep your equipment in perfect condition and safe to use. Our highly-skilled, professional service team offer service plans, designed to save you money and time. We only use the highest quality parts when servicing and repairing your equipment. In addition, all of our parts are guaranteed for 12 months from the date they are fitted.

All of our engineers are equipped with Personal Digital Assistants (PDAs) ensuring they have all of your essential details straight away. This helps them focus on your requirements and start the job straight away.

Each engineer carries a large range of stock meaning 90% of problems can be fixed straight away. Moreover, when you sign up for a service contract, you will receive a 10% discount on high-quality parts and discounted service visits.

Contact us today to find out more about our services.

BARGOED FARM HAS UPGRADED ITS FLEET TO INCLUDE ELECTRIC VEHICLES

One of Wales's best-kept secrets has upgraded its fleet to include 2 all-electric utility vehicles from ePowerTrucks.

Bargoed Farm, based in the heart of the world-renowned Cardigan Bay is a large site that celebrates all things made in Wales in their unique farm shop, butchers, and bistro.

They also have a brand new touring caravan, camping & glamping park on which these electric utility vehicles will be of great use for the farm staff.

LONDON BOROUGH OF BRENT GO GREEN WITH A GLUTTON 2211

London Borough of Brent has taken delivery of a Glutton electric pedestrian street vacuum from ePowerTrucks.

The Glutton vacuum will be used in the large civic centre location by the on-site maintenance and grounds team.

This all-electric street cleaner will be a helpful hand for the team while cleaning up leaves, litter, and confetti from the wedding venue.

"ePowerTrucks have been brilliant to work with"

Malcolm Thorne
Tyntesfield National Trust

TYNTESFIELD NATIONAL TRUST SITE PRAISES ELECTRIC SHUTTLE BUS

ePowerTrucks has recently delivered Tyntesfield an all-electric shuttle bus with a custom wheelchair ramp, to be used around their large Somerset estate and has had rave reviews from Malcolm Thorne (Senior Visitor Experience Officer).

"The vehicle is well thought out and, is built to a good quality. The team are very happy with it, and it provides a much-needed reliability and increased comfort level to our daily mobility service."

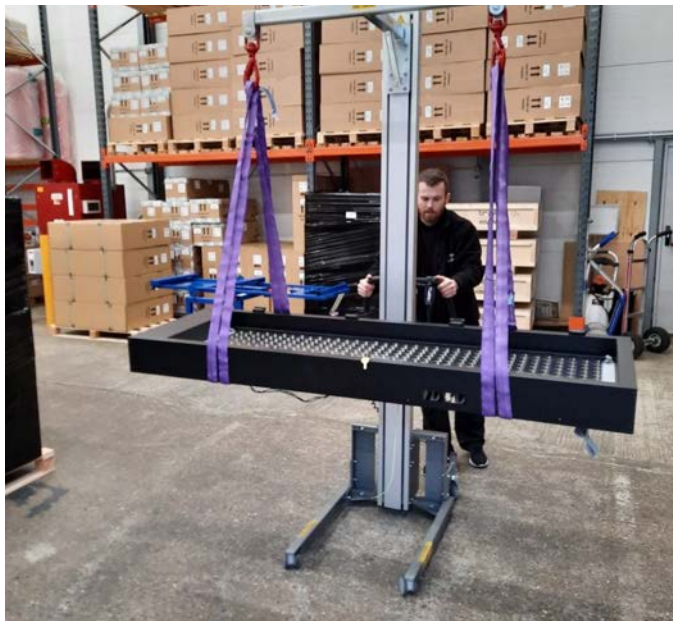

BESPOKE LIFTER TAKES THE STRAIN

Lift Safe supplied a bespoke lifting solution for the safe and efficient loading of key asset management cabinets into wooden crates for shipping.

This solution was discussed over a couple of on-site meetings with the customer, resulting in their whole packaging operation now being carried out by one person.

The customer has further sites around the world, we look forward to exporting more of these.

2 NEW ELECTRIC BUSES HELP BOOST CHESTER ZOO'S TRANSPORT OPTIONS

Chester Zoo identified the EP14 from ePowerTrucks as a bus that could help them further enhance their shuttle service, which assists visitors to move around the zoo. One of the electric buses comes equipped with a ramp for wheelchair accessibility.

"My experience of Lift Safe is that they are a knowledgeable, professional and friendly company who will go the extra mile to achieve complete customer satisfaction"

LEADING MANUFACTURER REDUCES HANDLING ISSUES

We have recently delivered an AXA Orbit 500 kg counterbalance crane to a well-known manufacturer. This eases several handling issues when loading CNC lathes and mills within constraining spaces.

The AXA Orbit is a fully powered counterbalance crane with a 500kg safe working load (SWL) and a 360-degree rotating jib.

New to the market

01M3SS Stainless steel 360° swivel crane

The counterbalanced crane 01M3AISI represents the most cost-effective and flexible solution for lifting and transporting loads whereas a high resistance to corrosion is requested. The cleanability of stainless steel makes it the first choice in hospitals, kitchens, food, and pharmaceutical processing facilities.

Thanks to its compact dimensions the crane 01M3AISI offers great maneuverability even at full load and can be moved effortlessly in confined spaces. All components are made in Italy to ensure the highest construction quality and the absence of defects.

Weight	400	KG
Max Capacity	300	KG
Max Pressure	50	Bar
Tank Capacity	2	Litres
Cylinder Stroke	470	MM

The crane 01M3SS is equipped with a lever-controlled fast and lightweight lift double action pump .

The control descent knob makes it possible to adjust the descent speed.

The arm is extendable in 4 positions and an optional arm extension is available to get a maximum outreach of 1270 mm.

This crane is equipped with 2 high-capacity pivoting wheels with bumper mounts and parking brakes and has 2 fixed front wheels with bearings. Swivel hook type. Rotating Jib arm with 8 locking positions.

More counterbalance cranes in our range

Meet the team

Shaun Ndebele

ENGINEERING APPRENTICE

At ePowerTrucks, we are always looking to the future. We believe in training from the ground up and so we have recently taken on 3 apprentices.

Music fan Shaun has been with ePowerTrucks for just over 7 months and is working towards his engineering qualification. Shaun is 21 years old and we are happy to have him on our team of in-house engineers.

Product spotlight

"Mast Lifts For Safe Work Indoors"

LS-MA50

MAN UP AERIAL PLATFORM

The LS-MA50 is a compact and flexible mast lift for safe work indoors and makes working at height efficient and safe, eliminating the need for ladders.

The LA-MA50 is easy to use and maintain. And is delivered assembled and ready to start. At the end of the working day, the lift is connected to a standard wall power outlet and the built-in charger charges the batteries.

ADVANTAGES OF THE LS-MA50

- Small turning radius
- 4.95m working height
- Smooth operation
- USB socket
- Harness anchorage point
